QUERY - Can anyone tell us who were the parents of Albert W. Purvis? U.N.B. Perspectives, May 1984, says he was a native of Gagetown. He was a well-known educator and administrator whose teaching posts included U.N.B. and University of Massachusetts. He died on March 15th, 1984, at Presque Isle, Maine.

Sympathy is extended to the family of Lorne Chase who passed away since our last Newsletter was printed. We shall miss Lorne attending our meetings with his wife Dorothy. Our deepest sympathy goes to her.

Biography: Aaron Jenkins Perry, 1876-1952
Aaron J. Perry was one of the many prominent people descended from Dr. William Bell Little of Cambridge. He was a grandson. The late Dr.H.G. Perry of Acadia University was a double cousin. The following article was written by the late Dr. Watson Kirkconnell, a former President of Acadia University

Acadia University.

"A distinguished Baptist scholar and son of the Maritimes passed on with the death of Aaron Jenkins Perry at Victoria, B.C., on January 7, I952.Dr. Perry was born at Perry's Point, Cody's, Queens Co., N.B., seventy-six years ago. After graduating from the Provincial Normal School, Fredericton, in I893, hetaught school for five years and then entered Acadia, graduating with the I90I class and taking an M.A. (in Latin) the following year. He took a second M.A. (in English) at Yale University in I903, and in due time completed most of his courses for the doctorate at the University of Chicago. His main work, of almost thirty years! durate the University of Chicago. His main work, of almost thirty years' duration (1912-1941), was done at the University of Manitoba, Winnipeg, where he rose to be a full professor and head of the department of English. Acadia University honored him with a D.Litt. degree at its centennial in 1938. He was a tircless researcher, concentrating his efforts on the palacgraphy and lexicography of Middle English as found in rare midiaval manuscripts in the British Museum, London, and the Bodleian Library, Oxford. His chief publications dealt with the works of the I4th century author, John Trevisa, and were issued by the Early English Text Society. Dr. Perry was twice married, first in 1905, to Mary Ellen Keith (died 1929) of Havelock, N.B., and second in 1933, to Jennie May Parent, of Queensbury, N.B., who survives him. They had moved in 1945 to Victoria, B.C., where their home became a Mecca for old friends from Manitoba and from the Maritimes.

I was a colleague of Dr. Perry's for eighteen years and know him as a man of unquenchable intellectual interests. He read books as other men eat meals, hundreds of them every year. His unremitting research in mediaeval philology was mitigated by his bold swimming in a sea of modern imaginative literature - poetry, fiction and the drama.

He was also a man with a deep religious faith. In Winnipeg he was a member of the First Poetict Church and the drama.

member of the First Baptist Church and served for many years on its board of deacons. On removing to Victoria he identified himself with the Emmanuel Baptist Church there. Undergirding all his life was a profound religious belief, according to the tradition of his forebears. Even while he lived he had found anchorage in eternity."

\*\*\*\*\*\*\* Loyalists: In this year of 1984 when so much is being said about Loyalists, the following clipping from The Telegraph Journal in 1936 may be of interest.

may be of interest.

IS GRANDDAUGH TER OF FIRST LOYALIST BABE IN PARRTOWN

"CODYS, April I4 - Mrs. Joseph W. Hetherington, of Codys, celebrated her 82nd birthday on April I3. Before her marriage Mrs. Hetherington was Joicey Starkey, daughter of Arthur Dingwell Starkey, and a granddaughter of William Perry, the first Loyalist baby born in Parrtown (Saint John).

Married at the age of I5, Mrs. Hetherington came to the farm where she lives now, and has lived there for 67 years. Mrs. Hetherington has seven children now living, of whom the eldest Horton B., is in New York. The others are Luther R., a school inspector in N.B.; Mrs. Hudson White, Saint John; Mrs. Wm. Briggs, Cambridge; Mrs. Miles Thorne, Saint John; Mrs. Thomas Fanjoy, Codys, and J. Blake of Codys. Mrs. Hetherington has I2 grandchildren and two great grandchildren. Of her seven children six were school teachers, and of her I2 grandchildren, four are school teachers.

In spite of her advanced years Mrs. Hetherington is still as active as many a younger person, and often goes for long walks. Beloved by young

In spite of her advanced years Mrs. Hetherington is still as active as many a younger person, and often goes for long walks. Beloved by young and old, Mrs. Hetherington is "Aunt Joicey" to a host of people."

NOTE: Mrs. Wendall Sansom is a granddaughter of Joicey Starkey and attended the above party when her daugh ter Shirley was just learning to walk as a toddler. One correction has been made to the original clipping which came from Miss M. Otty's collection. The original said that Joicey was a daughter of John Starkey which was an error. The William Perry who was Joicey's grandfather was the son of the Ist William Perry in the Loyalist Perry family history (the one who came in 1783. It is interesting to note that Mrs. Joicey Hetherington, Elijah Starkey, and Daniel Keith were all three eligible to become members of the United Empire Loyalists' Association as well as the D.A.R. / S.A.R. (Daughters / Sons of the American Revolution), since they had ancestors fighting on both sides during the Revolutionary War.

Have you had the opportunity to enjoy the group of ententainers known as the "Calithurpians"? The name is borrowed from early groups of entertainers who went from place to place much like the "murmors" in Newfoundland. Peter Pacey of Fredericton is a leading member of this group. Among the readings being given by Mr. Pacey this year during programs, the poems of Miram Alfred Cody have found a provinent place. The following poem from the pen of this New Brunswich poet is a good example of how stirring his poetry could be. Bully Forbes was the skinger of the famous clipper ship "Marco Polo" built in Saint John.

BULLY FORDES
Those's a great three-styrail clipper.

Thoro's a great three- skyrail clipper, With her canvas all aglean, Tramping down the lanes of daring With a norther in her beam; She's a husky Fundy drogher Built and manned by Bluenose mm, Cleared from Liverpool for Helbourne Now she 's honeward bound again.

Cross scas and angry seas, Seas of spure and foar, Thurder 'gainst the climer ship Roaring grandly home; Main and s'tysails drumming home, Royals running free, "Bully"Forbes is in command, Master of the sea.

"Bully" Forbes is in cormand, Bluenose s'ripper he, Swears he'll startle God above And hold the world in fee,
As he drives the Marco Polo,
And runs her realing down
From Australia's Port of Helbourne
To old Mersy's shipping torn.

Hurls her th rough the Moaring Forties Soaks her lee rail at the Horn, Lifts the beacon-lights and bell buoys At the Gateway of the Morn; Brings her storming up the Channel With a tempest in her shrouds, Drops how anchor in the Mersey To the thunder of the crows.

That is how Old "Bully" did it

At this time of year our thoughts turn to schools and graduations. We became interested in "Old Days in Queens" column of THE VALLEY BANNER Aug. 15, 1953. The article mentions Gagetown Grammar School as " one of the province's oldest and most historic high schools". It lists three pupils who in that year attained First Division marks on Matriculation examinations: Peter Onno, Robert Barrigar, and Norma Reid.

We continue to quote from Par. 3:"It is an easy transition of thought from one of New Brunswick's oldest schools, to the oldest university in the province. - the University of New Brunswick, which for many years

the province, - the University of New Brunswick, which for many years has been preparing public leaders for their careers, here or in distant fields. A study of the "Register of Former Students and Graduates of U.N.B" issued in 1924, shows that a large proportion of Queens County students entered U.N.B. from the Gagetown Grammar School, and in many cases provided Canada with outstanding leaders in law, in the Church, the field of medicine, as teachers, and more recently as engineers.

First student from Gagetown was Timothy Robert Wetmore, in 1827,

Recipe/Receipt: (from an old Cook Book owned by Charlotta Powers Robinson)
Gingerade: Dissolve 3 pounds of loaf sugar in 2 gallons of water, add
the well-beaten whites of 3 eggs and 2 ownces of ground ginger (Jamaica).
Moisten the ginger with a little water to make it smooth before adding
to the whole. Now place this in a porcelain kettle over the fire, bring
slowly to the boiling point, skim and stand aside to settle. When cold
add the juice of I large lamon and the fire weest cake dissolved in 2 tables add the juice of I large lemon and 1 of a yeast cake dissolved in 2 table-spoonfuls of warm water. Mix thoroughly and strain. Fill into bottles, cork tightly, tie down the corks and set in a cool place. It will be ready for use in two days. Will keep perfectly for ten days. This is a delicious and wholesome warm weather drink, and as a rule agrees with most people.

SYMPATHY: As we finish the printing of our June Newsletter, the members of our Queens County Historical Soviety have been saddened by the death of one of our valued members, Roberta Gilchrist McLean. She will be missed not only in our Historical Society, but also in her Church and community. Our sympathy is extended to her husband, Burtis McLean, and to all of the family. Marion Gilchrist Reicker, author of "Those Days Are Gone Away" is a sister.
